Presentation Summary:

The presentation Risk & Performance management will demonstrate what to look for when dealing with vendors or what happens when your supply chain suffers from broken links and what can you do to be creative. Participants will work with a real problem to solve and then go through the various steps of what could have been done to mitigate the damages.

About the Speaker

“Jerry” , as he is known by his friends, has worked for over 75 different organizations and businesses. He is a graduate of Western University, Wilfrid Laurier University and the University of Guelph.

Jerry has also taught at Conestoga College for 16 years covering a wide range of courses including Supply Chain, Human Resources, Information Technology and Management Development.

Jerry's company : Cambridge Solutions Inc. was founded in 1993 after he left IBM Canada. Cambridge Solutions is dedicated to tackling interesting projects that provide clients with creative supply chain, spend and performance management solutions. Part of the company's goal is to also help provide opportunities for today's youth including a new initiative in Supply Chain in Qingdao China.
