**SPACE IS LIMITED – Please Sign up early.**

Honda opened its manufacturing plant in Canada as part of Honda's global commitment to building vehicles close to where they are sold .The manufacturing facility has an annual capacity of 390,000 units and employs approximately 4,000 Associates. The vehicles produced at HCM are sold in Canada and exported to the United States and other export markets.

**Please Note:** The tours take place while the plant is in operation. As such, there are inherent hazards in the form of material delivery equipment and other vehicles; sparks from welding equipment; noise, etc. It is essential that all tour guests wear the personal protective equipment provided, and that they are attentive to and follow the instructions of their tour guide or other Honda Associates at all times. Honda of Canada Mfg. reserves the right to refuse tour requests or cancel tours as dictated by business needs.

**You will be asked to show government issued photo ID when checking in at the Plant 1 Security. Safety glasses and headsets will be provided. All tour guests must wear long pants, closed toe and closed heel shoes. Open toe or open back shoes and shorts are not allowed in the plant.**
